

Harnett, Commissioner of Motor Vehicles, Charged With Bribery, Extortion

Alleged to Have Accepted \$67,000 in Bribes Between October, 1934 and January, 1938 From Parmelee Co.

Harnett Appears

Dewey Says Action Result of Investigation Into What He Termed Taxicab Racket

New York, Nov. 16 (AP)—Charles A. Harnett, state commissioner of motor vehicles, was arrested in the District Attorney's office today on charges of bribery and extortion.

District Attorney Thomas E. Dewey's office said Harnett was alleged to have accepted \$67,000 in bribes between October, 1934, and January, 1938, from the Parmelee Transportation Company and through three subsidiaries, the National Transportation Company, Inc., the Yellow Taxi Corporation and the Hamilton Peters Operating Company, Inc.

Dewey said an indictment against Harnett had been ready since late in September but had been deliberately held up until after the political campaign in which the District Attorney ran unsuccessfully as the Republican candidate for governor. It was filed yesterday.

The action against Harnett was said by Dewey to have resulted from an investigation into what he termed the taxicab racket in which several others have been indicted.

Harnett, who also is chairman of the state traffic commission, appeared voluntarily at Dewey's office after he had been notified of the charges against him.

Former Assemblyman Edward S. Moran, Jr., 37, a Brooklyn Democrat, was indicted last June 24 on six counts charging he received bribes and illegal fees from two taxicab companies—the City-Parmelee Transportation Company, Inc., and the Terminal System, Inc.

It was not explained whether there was any connection between his case and that involving Harnett.

The indictment against Moran contained four felony and two extortion counts, the latter misdemeanors in the case of a public officer. He has not yet been brought to trial and is at liberty on bail.

Moran, who represented the 12th Assembly district, Kings county, from 1927 until the past election, was accused of accepting \$36,000 from the two taxicab concerns in return for the use of his influence in preventing legislation which might be regarded as detrimental to the companies. He was also accused of promoting legislation favorable to them.

Moran was further charged with promising to attempt to obtain a reduction in the state gas tax which was cut from four to three cents a gallon in 1926. The alleged bribery occurred from 1935 through 1937.

Moran, chairman in 1935 and 1936 of a legislative committee investigating the operation and fares of taxicab companies, was accused of receiving \$20,000 in cash from the Parmelee Company following the reduction of the fuel tax, and thereafter monthly installments of from \$500 to \$1,000 from Terminal.

Appointed in 1924
Harnett was appointed motor vehicle commissioner on July 1, 1924 by John Gilbert, then head of New York state's tax commission, and had served continuously since.

Prior to his appointment, Harnett served as an auditor in the office of the New York county sheriff and had been confidential clerk to the commissioner of licenses in New York city from 1918 to 1923. He came into state service as deputy director of the bureau of motor vehicles in the New York city office, in which capacity he served until his appointment as state commissioner.

In addition to his duties as commissioner, Harnett is chairman of the state traffic commission, a member of the American Association of Motor Vehicle Administrators, a member of the National Safety Council and of the Eastern Conference of Motor Vehicle Administrators.

Commissioner Harnett was born in New York city October 31, 1888. He married Marie E. Caffrey in 1914, and they have two sons.

New York state has the largest registration of motor vehicles and licensed drivers in the nation, state motor vehicle department records show, with an annual revenue from registration and operation fees of approximately \$45,000,000.

The department examines 400,000 individuals annually for drivers' licenses at 300 different points throughout the state, and supervises hearings into all accidents involving personal injury and deaths.

In Jail, It's Dresses

Helen Hulick, 28, teacher, who was sentenced to five days in jail because she came to court (for the third time) in Los Angeles attire in slacks, soon learned that the proper jail apparel is a dress. Here she is in her temporary costume. After Miss Hulick twice appeared in slacks to beat witness against two men accused of burglary, the judge warned her a third appearance in the same garb would result in a contempt of court ruling. Judge Arthur Guerin carried out his promise.

Citywide Business Group Is Urged to Boost Development

Addressing more than 90 business men and their friends at the 10th annual banquet of the Central Business Men's Association Tuesday night in the Elchler Hotel, Mayor Conrad J. Heislman urged the formation of a "virile, active, powerful city-wide organization that would work for Kingston."

Other speakers on the program, introduced by President Harry B. Walker, former mayor, were: Corporation Counsel John M. Cashin, Attorney Andrew J. Cook, Chief of Police J. Allan Wood, Chief of the Fire Department Joseph L. Murphy and several of the business men, who were called upon for extemporaneous remarks.

"There's a lot to be done for Kingston," Mayor Heislman reminded the merchants, and added, "You fellows are going to prosper more when the purchasing power of the city increases."

It was the suggestion of the mayor, that the central business men unite with merchants from the uptown and downtown sections for the cause of bringing industry to the city. After the speech, President Walker promised the merchants that the central business men would carry on a program, saying that they had already planned and laid the foundation to begin.

Without referring specifically to any nation or national leaders, the mayor referred to the "tragic happenings taking place in various parts of the world," saying he desired to touch on this in his talk "because world events effect all of us no matter where we live."

Commenting on the upset condition in the world, the mayor blamed "those responsible for the sell-out of Czechoslovakia for the present acts which have shocked the whole world."

If these forces, the mayor said, alluding to the Nazis, are not checked they will constitute a threat to America's democracy and prosperity.

In his talk, Corporation Counsel Cashin spoke on railroad crossing elimination, informing the group that Kingston has an excellent chance of having all of the crossings done away with since the passage of the constitutional amendment reducing the railroad company's share of the cost.

Informing the merchants that city officials had already planned a meeting with railroad heads concerning the elimination of crossings in Kingston, Attorney Cashin said that he believed the railroads would be "most cordial in receiving the plans the city would suggest."

Attorney Cook, who opposed one plan of elimination of the Broadway crossing for property owners in the central portion of the city pledged the support of the business men in the district to any plan which would be for the general good of the city.

"When the central section of the city prospers, the whole city prospers," he said.

The studio said it knew no other way to locate Greene, needed to prepare for his next picture.

Resigned

Attorney General Homer S. Cummings' resignation from President Roosevelt's cabinet to resume private practice of law has been officially confirmed by the President. It was announced yesterday. Mr. Cummings' home is at Stamford, Conn., and he was appointed March 1, 1933. Speculation is rife at Washington as to who will be his successor, and among names mentioned is that of Governor Frank Murphy of Michigan and Senator Lewis B. Swollenbach of Washington.

Fairlawn Stores Annual Banquet

The Rev. Oudemool Describes Merchandizing Methods in Other Lands

Over 300 proprietors, employees and friends of Fairlawn Stores of the Kingston district, sponsored by Everett & Treadwell, wholesale grocers of his city, gathered at the Governor Clinton Hotel Tuesday evening for the fourth annual banquet of Fairlawn Stores Association and for the purpose of electing officers for the ensuing year.

After a turkey dinner garnished with numerous Fairlawn products, former President C. R. Thier, of West Hurley, as head of the nomination committee reported the committee's recommendations for officers and the members quickly voted in the state.

Heading the Fairlawn Stores Association of this territory for the next year will be Fred S. Oudemool of Shandaken, president, and Hubert Brink of Lake Katrine, whose term expired; Fred W. Smith of New Paltz as vice president and Fred Mower of Woodstock as assistant treasurer.

As toastmaster for the evening was Roger H. Loughran, who presented the speakers. Assisting in welcoming the members and guests was Supervisor Stanley Katrine, who had charge of the arrangements for the evening.

Throughout the evening there was music by Paul Zucca and his orchestra and after the program of entertainment had been disposed of there was general dancing in the crystal ball room of the hotel.

V. W. Morrow of Maplecrest pronounced the invocation and following the dinner greetings to the Fairlawn stores and their friends were extended by Hubert Brink, president. Mr. Brink welcomed the members and friends and numerous representatives of firms and manufacturers, and thanked the board of control for its cooperation during the past year.

A word of welcome was also extended by C. S. Treadwell, of Everett & Treadwell, Kingston, wholesale grocers who are the local Fairlawn sponsors. Four years ago when the local association met in annual session there were about 30 retailers in the Fairlawn group, he said, and on the fourth anniversary that number has just about doubled, indicating that retailers in the area are finding the move a good one.

He asked the present members to work for more members in the association so greater things could be accomplished.

U.S. Embassy Sends Formal Note Protesting the Destruction of Property of American Jews

Germany's Treatment of Jews Overshadows Other Issues

By The Associated Press
Germany's treatment of Jews, which President Roosevelt said he "could scarcely believe," today temporarily overshadowed the other grave issues confronting the world.

"The news of the past few days from Germany has deeply shocked public opinion in the United States," said the president in a press conference yesterday.

At the same time he pictured a two-continent defense system in which the Americas would present a united front against foreign aggression.

His listeners saw a close link between the two statements because of widespread speculation that Germany may seek to spread her influence through Latin America.

An angry editorial against "Concessions of the American Government to American Jewry," apparently written before the president's statement in Washington, was published by Field Marshall Goerring's newspaper in Essen.

Leveling its attack chiefly at Secretary Ickes and the calling home of United States Ambassador Hugh R. Wilson, the newspaper said, "we in Germany know too well the clock in the United States which answer for such maneuvers to give them too much credit."

Ickes spoke Sunday night on a radio program deploring Germany's anti-Jewish drive. Wilson, called home by the president to give a first hand account of the German situation, is to sail for the United States tomorrow.

The German-Jewish situation commanded the British cabinet's attention as it awaited Nazi reaction to a plan attributed to United States Ambassador Joseph P. Kennedy for an exodus of most Germany's 600,000 Jews to North and South America and to the British Empire.

Looking toward concrete action on the plan consultations were under way among the United States, Britain, France, Belgium, the Netherlands, Denmark and Switzerland.

Britain and Italy put into effect the friendship accord they reached last April 16, aimed at settlement of differences which troubled their relations in the Mediterranean, Asia Minor and East Africa.

Among other things, Britain recognized Italy's conquest of Ethiopia, Italy promised to withdraw from Spain when the Civil War is over, and the two nations promised not to propagandize against one another.

State Deposits Large Amounts In Area Banks

Albany, Nov. 16 (Special)—State funds totalling \$70,000 were on deposit in Kingston city banks on October 31, it is reported here by State Comptroller Morris S. Tremaine in the New York State Bulletin, official publication of the Department of State. Of this sum, \$15,000 each was in the Kingston Trust Company and the National Ulster County Bank, while \$40,000 was in the Rondout National Bank.

The state's bank balance October 31, on deposit in banks throughout the entire state, was \$123,500,696.21, compared with the September 30 balance of \$85,844,686.32.

Deposits of State funds elsewhere in Ulster county on October 31 were:

First National Bank, Highland, \$10,000; First National Bank, Marlborough, \$15,000; First National Bank, Milton, \$10,000; Huguenot National Bank, New Paltz, \$40,000; First National Bank and Trust Co., Saugerties, \$25,000; Saugerties Bank, Saugerties, \$20,000.

Governor Requests Court Probe of Alleged Albany Election Violations

Albany, N. Y., Nov. 16 (AP)—Governor Lehman, bound for a California vacation, left behind today a request for a special supreme court investigation of alleged election law violations in Albany county—the only upstate county to give him a plurality in the gubernatorial voting.

The governor called the inquiry for December 12 at the request of Attorney General John J. Bennett, Jr. during his campaign, Thomas E. Dewey, defeated at the Albany special election which, he said, would "continue so long as it may be necessary for the purpose of inquiry, trial and judgment."

In all solemnity no Democratic governor in the state of New York can crush the machines from which the votes come for his election.

Following up Dewey's accusations, State Senator Thomas C. Desmond, Newburgh Republican, announced that he would call for a legislative investigation of Albany county's Democratic administration at the opening of the legislature.

Lehman carried six counties in his campaign for reelection including the five New York counties and Albany county which gave him a plurality of more than 20,000 votes.

The governor designated a Republican, Supreme Court Justice John MacCarty of Brooklyn, to preside at the Albany special term which, he said, would "continue so long as it may be necessary for the purpose of inquiry, trial and judgment."

"In accordance with the attorney general's request," Lehman said, "I have issued this order, appearing to my satisfaction that the public interest requires

Roosevelt Would Increase Forces For All Americas

Washington, Nov. 16 (AP)—President Roosevelt has supplied a cue for discussions at next month's Pan-American conference by viewing defense of the western hemisphere as a mutual proposition among its 21 republics and Canada.

He told the press conference yesterday that he would ask Congress to increase the nation's air forces sufficiently to cope with any foreign aggression against either of the American continents.

But the administration, he emphasized, does not contemplate that the United States should guard the New World alone. National defense, he added, has become a matter of continental defense, and mutual solidarity is needed.

"This solidarity is more definite," Mr. Roosevelt continued, than at any time since the Latin republics were struggling for their independence more than a century ago.

The President's remarks are certain to be an important topic among delegates from the American republics at their regular meeting in Lima, Peru, beginning December 9. In fact, Latin American diplomatic circles here considered mutual defense the principal business of the conference—at least behind the scenes.

Dr. Jose Maria Canuto, minister of foreign affairs, said Argentina would be unwilling to consider a formal defensive block of American nations if it meant "turning our backs on European nations linked to Argentina by traditional bonds."

Prime Minister W. L. Mackenzie King of Canada said at Ottawa that Mr. Roosevelt's statement was a further indication of the common interests of Canada and the United States. He recalled the President's speech last summer at Kingston, Ont., in which Mr. Roosevelt said the United States would not stand idly by if Canada were threatened by an aggressor.

The Canadian cabinet, like the Roosevelt administration, is considering increased defense expenditures for the next year.

Mr. Roosevelt did not give out definite figures in his exposition of aims involved in the rearmament program, but his remarks gave support to persistent reports that he would propose an army air corps of from 7,000 to 10,000 war planes. This would form one of the world's strongest aerial armadas.

There is no present intention, he said, to try to create a navy strong enough to defend both the Atlantic and Pacific coasts at the same time.

Times Names Merz
New York, Nov. 16 (AP)—The New York Times announced today that Charles Merz has been appointed editor, in charge of the editorial page. He succeeds Dr. John H. Finley, who becomes editor emeritus at 75. Merz, 45, came to the Times in 1931 from the old New York World, of which he was associate editor. He was born in Sandusky, Ohio.

Piant Picketed
Jackson, Mich., Nov. 16 (AP)—Pickets massed before the strike-closed Reynolds Spring Co. plant today, preventing 200 employees returning to work. The plant has been closed since November 9 by a strike called by the United Automobile Workers, which demanded a closed shop agreement.

Unfair Methods
Referring to skyscraper dictators in the United States, the editorial continued that "one may be convinced in the United States that Nazi Germany won't be touched by a campaign of agitation official repercussions, for it long has been the tradition of American policy to produce anti-German feeling in a country by the most unfair methods to overcome its own difficulties more easily."

The newspaper said it was "noteworthy that Wilson asserted several weeks ago his intention to visit the United States."

The ambassador is leaving Berlin tonight, his original intention to make a routine visit altered by President Roosevelt's special summons yesterday.

While many Jews held after the anti-Semitic violence, begun last Thursday, to escape arrest, until today they had begun gradually to reappear about their homes.

Now there is fear the funeral on Thursday may stir even more violent feeling among Nazis who consider Von Rath a martyr.

No Details Given in Note but U. S. Reserved Right to Take Further Action in Behalf of Interests Harmed

40,000 Arrested

Majority of Those Held Were Understood to Have Been Taken to Camps

Berlin, Nov. 16 (AP)—Jews sought assistance against any fresh outbreaks of German anti-Semitic feeling today while the United States embassy sent a formal note to the foreign office protesting the destruction of American Jews' property during the attacks of last week.

No details were given in the note but the United States reserved the right to take further action in behalf of any interests harmed.

An editorial of an important Nazi newspaper earlier assumed what it called the "concessions of the American government to American Jewry."

The number of Jews under arrest throughout Germany was conservatively estimated today at 40,000, including some of the best-known rabbis and most of the leaders of important Jewish organizations.

The majority of those held were understood to have been taken to concentration camps. Youths in their teens, taken from Jewish schools training them for handicrafts or farm work in Palestine, were believed to have been shipped in trucks to work on the new fortifications along Germany's western borders.

Angry Editorials
An important Nazi newspaper published an angry editorial today against the "concessions of American government to American Jewry."

The editorial was directed specifically against the United States secretary of the interior, Harold I. Ickes, and the summons to Ambassador Hugh R. Wilson to return to the United States.

It was published in the National Zeitung of Essen, the newspaper of Field Marshal Goerring, who is second only to Chancellor Hitler in the Nazi regime.

The article apparently was written before President Roosevelt's statement in Washington yesterday that he personally had summoned Wilson to return for consultations on the Jewish situation.

It was a religious holiday, the German Protestant Day of Atonement, and other papers made no comment. All government offices and business homes were closed and Jews were keeping out of sight until after the funeral of the Paris embassy secretary, Ernst von Rath, on Thursday.

His assassination by a Jewish youth resulted in the anti-Jewish attack.

Under the headline "Washington Under Jewish Order," the National Zeitung editorial said of the American ambassador's trip home: "We in Germany know too well the circles in the United States which answer for such maneuvers to give them too much credit."

"As in all previous anti-German campaigns of agitation this time, too, the American Minister of Interior Ickes is at the head of agitation directed against the Reich."

Ickes spoke on a Sunday night radio forum deploring the German anti-Jewish drive.

The paper described Ickes as "a man who openly stands as the exponent of Jewish capital in the United States and vouchers for Jewish rights." It would honor this gentleman too much to judge him by reasonable political standards, inasmuch as from the official side the sensation-making about the recall of Wilson found no confirmation."

"Unfair Methods"
Referring to skyscraper dictators in the United States, the editorial continued that "one may be convinced in the United States that Nazi Germany won't be touched by a campaign of agitation official repercussions, for it long has been the tradition of American policy to produce anti-German feeling in a country by the most unfair methods to overcome its own difficulties more easily."

in increasing despair the Jews have adopted secret codes for communication while they keep as much as possible in seclusion. (Yom Rath's body is to reach Düsseldorf today. Chancellor Hitler is to meet the funeral train.) Jewish newspapers are forbidden, so thousands do not know what is happening to their people through the country.

Applied to Catholics. Washington, Nov. 16 (AP)—The White House said today President Roosevelt's condemnation of measures taken against German minorities applied to Catholic elements as well as Jewish. Stephen Early, press secretary, told reporters the morning news, in referring to the President's formal statement yesterday, denouncing the Nazi attacks, had "overlapped" the Jewish angle and neglected to point out that Catholics also were involved. Early said the White House had received many telegrams and telephone calls approving Mr. Roosevelt's statement in which he said he "could scarcely believe that such things could occur in a twentieth century civilization."

Await Nazi Reaction. London, Nov. 16 (AP)—The British cabinet today sought means of aiding German Jews and awaited reaction to a mass migration plan attributed to the United States Ambassador Joseph P. Kennedy. The proposal to move the German Jews to North and South America and to parts of the British empire was brought before the cabinet at its regular Wednesday meeting.

Consultations are under way among Great Britain, the United States, France, Belgium, the Netherlands, Denmark and Switzerland on the problem growing out of the recent wave of anti-Semitic measures in Germany. As international conference may be called, as suggested by Premier Hendrikus Colijn of The Netherlands yesterday.

One of the biggest problems was the attitude of Adolf Hitler toward efforts of other powers to relieve the Jews. Germany, now smarting under foreign denunciation of the anti-Jewish disorders, may be inclined to snub advances to her on the question. President Roosevelt's strong condemnation of Germany's treatment of Jews was played by British newspapers as the biggest story of the day, while various groups in Britain continued to protest against the Nazi anti-Semitic wave.

The labor party took the first step to open debate in the House of Commons on the Jewish question. A motion sponsored by Clement R. Attlee, opposition leader, would have the House note "with profound concern the deplorable treatment suffered by certain racial, religious and political minorities in Europe."

The question probably will be debated within a week. A unique proposal was made by one Jew that a Deputation of British Jews should go to see Hitler and plead with him just as Prime Minister Chamberlain flew to Germany during the Czechoslovak crisis.

Chamberlain last night received a Jewish delegation which urged that immigration quotas in British territory be lifted to aid their people. Oswald Pirow, Union of South Africa defense minister, was to leave today for Berlin to talk over Germany's colonial demands with Hitler—a question which was linked with the Jewish problem.

Says Union Would Fight. Matzburg, Natal, South Africa, Nov. 16 (AP)—General Jan Christian Smuts, commander of the Union of South Africa's World War forces, today declared the Union would fight if necessary to retain her mandate over South-west Africa, former German colony.

New York City Produce Market

New York, Nov. 16 (AP)—Rallying power faded in the stock market today and prices slipped moderately lower in most groups after an early advance failed to carry through.

Only aircraft, bought on prospects of increased U. S. arm spending, maintained a show of group strength. In steels, rubbers, mail order, chemical, mining and other groups, quotations near the final hour were down fractions more than 2 points.

Many of these found formidable opposition after they had come close to the peaks of last week's post-election advance. Transactions ran at the rate of about 1,500,000 shares for the full session.

Conspicuous for strength were Douglas Aircraft, Boeing, Delaware & Hudson, Mack Truck, Westinghouse Electric, du Pont, U. S. Gypsum, Wright Aero and Sperry.

Lower prices appeared in U. S. Steel, U. S. Rubber, International Harvester, Consolidated Edison and General Motors.

On the curb minor gains in American Cyanamid, B. F. Goodrich and American Gas & Electric were mingled with small losses in other issues.

In bonds and commodities also a drive for resumption of the 1938 bull movement had difficulty getting started. Most bonds merely stuck close to the previous session's prices.

Further pressure on the British pound helped keep the European situation before Wall Street attention. Events there lately raised doubts in some financial circles as to the outcome of the "appeasement" policy, despite the approach to a German-French accord.

A midday selling wave seemed to have been prompted mainly by the resistance to the resumption of the 1938 bull movement had difficulty getting started. Most bonds merely stuck close to the previous session's prices.

Directs Money Be Paid Miller

Justice Harry E. Schrick has signed an order directing that the New Paltz Savings Bank turn over to William Miller a bank balance of \$2,027.93 on deposit in the bank. Miller applied to the court for an order directing payment of the money to him on the grounds that the money was his property although the account is jointly in his name and that of his wife.

Miller testified that he was married March 5, 1936, to Rita Radin Miller and that shortly after that she insisted he place the money in a joint account. Later she left taking the bank book with her and he testified she refused to give up the book and he was unable to secure the money which had been deposited by him prior to September 28, 1937. Judge Schrick directs that the money be paid over to Miller by the bank. Lounsbury & Lounsbury appeared for plaintiff in his action against his wife to secure possession of the fund.

Farmers Discuss World Problems

Buffalo, N. Y., Nov. 16 (AP)—World peace and the treatment of Jews in Germany took precedence over rural problems today as two of three state conventions of New York farm organizations began.

The New York State Farm Bureau Federation opens its convention tomorrow.

Although a full program of speakers on farm affairs were scheduled, much of the early convention talk centered around developments abroad, particularly regarding the recent threat of war and the treatment of Jews in Germany.

Harnett Charged With Bribery

(Continued from Page One)

said Harnett, using discretionary authority, had permitted the Parmelee Company and its three subsidiaries to file personal bonds insuring covering more than 2,000 cars, and likewise permitted Parmelee to borrow back 50 per cent of the surety bond.

The prosecutor asserted the Parmelee Company and its subsidiaries agreed to pay Harnett \$1,000 a month and additional sums to make a total of about \$18,000 a year.

The extortion count in the indictment alleged that the commission asked and received money for his official services in permitting Parmelee to continue as surety on the personal bonds of its affiliate companies and refused to permit other operating taxicab corporations to file similar personal surety bonds.

The indictment charged Harnett received the money in currency from Morris Markin, as agent for Parmelee.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually 35 to 40), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells. Just get more (and better) sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vitality to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH trying.

Automobile Slaughter
Buffalo, N. Y., Nov. 16 (AP)—The Rev. James Cosbey suggested to police today that the public be shown motion pictures of the battered bodies of automobile accident victims "to shock them into caution." He declared "the horror of war is not surpassed by the horror of our automobile slaughter."

First Snow Brings Christmas Air to Buffalo

Shoppers fought their way through swirling gusts of Buffalo's (N. Y.) first snow as this picture was taken. It looks like Christmas, what with all the snow and Mrs. Emma Swontek's bundles. That's a snow-covered auto behind her, not a snow drift. The snow was general across upstate New York, three inches falling in some places.

Hollywood

Sights And Sounds

By Robin Coon

HOLLYWOOD—Isa Miranda is an Italian—and blonde—but her handshake is thoroughly American: the strong, firm, I-mean-it type. She looks somewhat like Dietrich, somewhat like Garbo, more alive than either.

Since her arrival some ten months ago, she has been studying English. Now she can sling a sentence with fair assurance and little groping for words. That means—of Paramount thinks it means—she is ready. They're putting her into "Hotel Imperial" to atone for an earlier false start in "Zaza," where her linguistic deficiencies tripped her.

All this time, of course, she's been drawing salary—some reports say \$2,500 a week—and there will be the usual fuss about studio wastefulness in hiring foreign talent. The same sort of furore prevailed all those months while Danielle Darrieux of France was idling on salary (while Universal tried to whip up a script for her).

And the end, probably, will be the same. Since the fans saw Darrieux, nobody has mentioned those expensive pre-production weeks. When they see Miranda—if Miranda is as good as her tests and her foreign work indicate—nobody will care how much it costs to keep her here.

MANY an actor has begun a picture without knowing the story it would tell. Few actors finish a movie without some vague idea what it was about. That puts Jascha Heifetz in a class by himself.

Heifetz began—and finished—the starring role in his first movie without benefit of script. Even today, if you met him somewhere on his current tour and questioned him, he could truthfully say he hadn't the slightest idea what kind of story he finished.

For that matter, neither has Sam Goldwyn, the movie impresario. Goldwyn would like to know even more keenly than Heifetz. Heifetz, after all, has collected his \$75,000. Goldwyn has to make a picture from Heifetz's film work or count the \$75,000 wasted. Sam doesn't like to count that way.

Violinist Heifetz, long contracted for the movie, had to make his scenes now in order to meet other engagements. On the Goldwyn lot, neatly cut and assembled, with sound track to match, the Heifetz performance is stored away in the usual tin cans.

There are seven numbers in all—three show him in usual formal concert attire, the rest reveal the great fiddler dressed in white jacket and blue trousers as for an open air performance.

Goldwyn's scripters have that much, at least, to go on. They know that Heifetz will play the role of a concert violinist.

PLATTEKILL

Plattekill, Nov. 15.—Members of the Plattkill Grange will conduct a social dance Friday evening, November 18, in the hall. At the current meeting of the organization the annual election of officers was made, with the exception of master and lecturer, which will be made at the next regular meeting, Saturday, November 26. Officers elected were: Overseer, Edward Jenkins; steward, Martin Depew; Ceres, Mrs. Preston Paltledge; Flora, Mrs. J. Edward Harris; lady assistant steward, Mrs. Edward Jenkins. Re-elected officers were: Treasurer, Henry Stevens; secretary, Mrs. Milton Van Duzer; chaplain, Mrs. William Sabar; Pomona, Mrs. Elmore Loder; trustee, three years Nelson Hodges.

The Rossville Busy Bee Society held an all day meeting at Mrs. Herman Cook's at Gardiner Wednesday, when a chicken dinner was a feature of the day. Armistice Day services were in order, and Thanksgiving numbers given. Mrs. Anna Brumm of Newburgh was admitted to membership in the society. A silver tea will be held at Mrs. Donald Weaver's home in December, definite date not decided upon. The next meeting of the society will be at Mrs. George Fowler's home. Those attending the current meeting were Mrs. Jesse Christie, Mrs. Ianolph Scott and daughters, Joyce and Wilma, Mrs. Albert Griffen.

Mrs. Moses Ferguson, Mrs. Anna Brumm, Mrs. Samuel Drausheid, Mrs. George Decker, Mrs. Donald Weaver, Mrs. Chester Howard, Mrs. George Fowler, Mrs. Sarah McConnell, Mrs. Elvy Prosser, Mrs. Fred Drake and the hostess, The Helen Palmer W. LEWISES AT C. I. O. CONVENTION

John L. Lewis, much-photographed chairman of the Committee for Industrial Organization, and Miss Kathryn Lewis, his seldom-photographed daughter and secretary, snapped at the C. I. O. convention in Pittsburgh. Miss Lewis recently was named by President Roosevelt to the delegation which will represent this country at the Pan-American conference in Lima, Peru.

Fatta Is Matched With Roosa, His Conqueror, for Monday in Main Bout; Perry vs. Moore

What shapes up as a boxing card that should give a lot of action was announced this morning for next Monday night at the municipal auditorium.

The bill of terps coming from the office of the boxing division of the Adirondack A. A. U. all sanctioned for presentation, features Carmine Fatta, Newburgh light-weight ace, vs. Manuel Roosa, New York star who defeated him a month ago in Hudson.

"I want a crack at Fatta now," Roosa is quoted as having said when he was asked about boxing Carmine. "The last time I met him, the officials gave me the nod, which I think I clearly deserved and I'm sure I can trim him again."

Roosa has been seen in action here, having come to Kingston with the George Gainford stable of scrappers, one of the best in New York city. Gainford, directing fighters for the Crescent A. C., has developed such men as Rocco, Bradley, Lewis, Willie Smith and others who reached the top in the sport.

Fatta could not be reached for comment on the return match with Roosa, but it is expected that he will not yet that the duel is okay. Carmine never refuses to box, regardless of the opposition, and has overcome some great obstacles in the way of weight and experience. His recent victory over Vince Semporini proved that he is a match for any of the boys.

With two early knockouts to his credit, Sergeant Perry has been paired with Barney Moore, New York flash, who defeated him here and then knocked out Moogy Marchese. In announcing the Perry-Moore bout, emphasis was laid on the fact that soft shots for the former U. S. cavalryman from West Point are not being picked to build him up.

Perry has come back from a terrible slump to win favor with the boxing fans, although some of them believe his last two opponents were "foodies." But, those who saw him box Moogy Marchese, the big 190 pound heavyweight, in Hudson, almost knocking him out in the fourth round, say that Perry really has improved a lot.

A return match was talked of between Marchese and Perry, but Marchese has deserted the amateur ranks and is now ready for professional fights in New York rings.

Other bouts on the card are Sammy Trovatiello, Poughkeepsie bantamweight, vs. Danny Sinnott, New York; Mark Armstrong, who scored that sensational upset defeat Red Van Alstyne, Adirondack middleweight champion, vs. Dave Harvey, a white boy from the Gainford stable. The rest of the card will be announced shortly.

Galento's Chances Are Ruined Now

New York, Nov. 16 (AP)—The local boxing mob is in mourning over the Tony Galento-Harry Thomas affair in Philadelphia on Monday night, fearing the game in general will be dampened by the splash.

Specifically, the Mike Jacobs group is afraid the blasting given Tony's third-round knockout victory will keep many a customer away from Friday night's middleweight scrap between Fred Apostoli and Young Corbett, 111, at the Garden.

The fight fan is a scary bird at best, and wasn't too excited about Apostoli and Corbett to begin with, so the locals naturally think it was a dirty trick for Galento and Thomas to flush the flock right at this time, with winter coming on.

The consensus is that Tony's ruined, all right. They yanked in the welcome mat on him in Philadelphia, and any chances he previously had of getting a big fight under Jacobs' auspices are gone.

Kansas City—Everett Marshall, 223, La Junta, Colo., threw Lee Wyckoff, 228, Nevada, Mo., two of three.

Swords Treasured by Japanese

Good swords are one of the most honored of traditions in Japan. When a blade is to be cast, many ceremonies must be performed. A maker of good weapons not only makes financial reward, but is remembered and honored for generations, as Europeans venerate Anton Stradivarius for his violins.

Once, says a writer in the Washington Post, the Japanese sword was the weapon of the knights. Sworn and peasants were forbidden to own one. It was part of the code of the knights they allow themselves to be killed rather than draw swords against persons unworthy of the honor.

When a Japanese nobleman felt that his code of ethics demanded he commit suicide to "save his face," he chose death by his own sword as the most honorable means of killing himself. A proficient Japanese swordsman could cut a man's head off in the same motion as he used in drawing his sword from its sheath.

This evening there will be two games of basketball at the 156th P. A. Armory on Manor avenue.

The first game, commencing at 7:30, will be between Headquarters Battery and the Columbians. Lineup for the Columbians will be F. Mazzuca, J. Holstein, B. Von Esen, G. Schirick and S. Barnes. Headquarters will have Ten Brock, Windrum, DeWitt, Decker, Liscom, Nock and Larkin.

The second game at 8:30 will see Battery A vs. Hudson. Playing for Battery A will be Streeter, Swarthout, Barth, Dock, Misenbelder, Tyler and Ashdown, plus "Zip" Geisler, high scorer on the team last year. This is "Zip's" first game with the soldiers this season.

Following the games there will be dancing.

New Pro Golfer Makes a Hit

Pinehurst, N. C., Nov. 16 (AP)—A newcomer to professional golf's big time threatened to steal the mid-south pro show today as more than 40 teams battled for honors in the final round of the tournament.

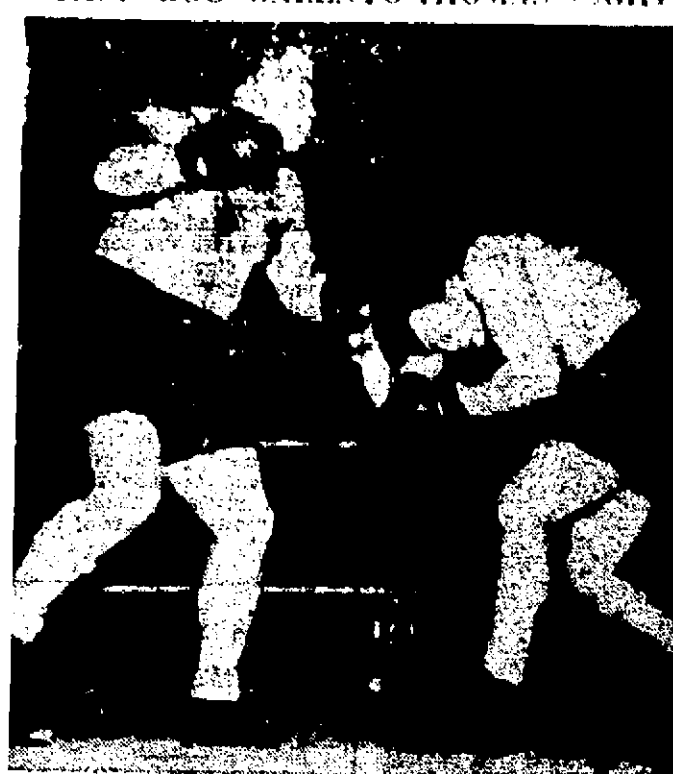

Clayton Heafner of Greensboro, making his first start in a major golfing event, drilled a 68 yesterday, and aided on two holes by his partner, Johnny Bulla of Chicago, gained a first round tie with the veteran Scots, Tommy Armour of Baccarat, Fla., and Bobby Cruickshank of Richmond, Va. The teams had identical cards of 33-63-66.

Syracuse, N. Y., Nov. 16 (AP)—His squad riddled with injuries, Coach Ossie Solem drilled his Syracuse University football team today in pass defense against a freshman team impersonating the Columbia Lions, the Orange's opponent Saturday.

The variety, although hampered by cold weather and a muddy field, burned Marvli pounding the line for good gains. Walt Zimbal and Art Morrison alternated with Marvli in the full back post.

Ithaca, N. Y., Nov. 16 (AP)—Coach Carl Snavely drilled his Cornell football team today in a rough, tough scrimmage session despite the cold, damp weather. Scooter Brown showed up well.

FANS BOO GALENTO-THOMAS FIGHT

Philadelphia fans had nothing but jeers for the heavyweight fight between "Two-Ton Tony" Galento, (left) the "Orange (N. J.) Night Slick" and Harry Thomas (covering up) from Eagle Bend, Minn. The referee gave the bout to Tony on a technical KO in the third round after Thomas had sunk to the canvas several times.

Berenson Is Suspended—Stoll Is Honored

By Joe Kelly

Pete Berenson won't be in the Colonial lineup tonight. He has been indefinitely suspended from the American League by President John J. O'Brien, and fined \$250 for playing independent ball. Pete went with the Original Celtics last Sunday.

It was the second time in three years that Berenson jumped from an American club to play independent pro ball. The new Kingston uniforms are here for tonight's game, the local committee announced this morning. The Jersey Reds have signed two new players, Carnevale of N. Y. U. and Paris of City College.

Tony Galento's No. 1 challenger hopes are colder than a dead fish right now. The new time baseball stopped kidding itself and made room for a couple of guys as smart as Frankie Frisch and Jimmy Wilson. Amateur golf champ Willie Turnesa's new job is telling folks all about trucking parts—the kind you drive, not the one you do with your feet. Myrmie Capaldi, who figures his Solly Kreiger got a raw deal in the middleweight business, is thinking of also.

Vince Elchler's fullback position while the Utica pilledriver continued resting from bruises received in Saturday's victory over Dartmouth. Snavely drilled his backs individually and in formation in preparation for the Thanksgiving day battle with Penn.

Snavely explained Cornell's intensive workouts for this game by saying, "This Penn game is Cornell's football season. Any big red team record stands or falls on whether it whips Penn, and we have got to be ready for our toughest game."

New York—Fordham Coach Jim Crowley is none too happy about the fact his Rams have tied only three points in their last two games, but he still can get off a fifty crack about it. After Fordham had played a scoreless draw with North Carolina last Saturday, Jim noticed the equally scoreless result between Northwestern and Michigan.

Those teams ought to be ashamed of themselves going scoreless," he remarked, "there's no point to it."

Durham, N. C.—You don't hear much about them individually, but the "Seven Iron Dukes"—the Blue Devils' linemen—have compiled quite an impressive record this season. Not only have they done most of the labor in keeping seven rivals scoreless, but they have held these opponents to a total net yardage of 302 yards by rushing.

PUNTS AND PASSES

(By The Associated Press)

New York—Brooklyn College is going to take a hint from the old-time Notre Dame teams and become "Ramblers" so the football team can collect enough money on guarantees to meet its expenses.

"We've been dropping an average of \$550 a game this season," drawing power is nothing to talk about and the student turnout is next to nothing. The biggest hole was when the city built a stadium for us but forgot to put a small item into it. Seats! We had to spend \$500 for seats."

Jersey Reds Here Tonight For Cage League Opening With Sedran's Colonials

City Basketball Victories Won By Baltz, Elks and Hercules

Baltz's nipped the Leonard Refrigerators in a thrilling 21-19 drubbing to take top-billing in the opening City Basketball League card last night at the Auditorium. Hercules' point powerhouse heated their ancient rivals, the Knights, in a 26-14 set-to, while the Elks administered a gaudy 31-2 shellacking to the Fullers Shirts in an American League dual to wind up the loop's first night.

Baltz and Leonard battled nip-and-tuck through four torrid quarters before Al Bruce faded through for two quick fields to settle the issue with 25 seconds to go. The Baltz boys led 8-4 at the first quarter and the Baltz ended in 9-4 leadlock. Hercules action featured the third frame with Baltz's still clinging to a 15-13 edge. With the score at 15-13 Bruce stole a pass and laid up a sleeper and then came through with a hook shot to send the Baltz boys ahead 20-16. Cooper dropped a long one in for Leonard and the teams exchanged fouls with five seconds to go as Baltz's defended desperately to shut their initial win.

Bruce and Leonard fought high for the sleepers with six markers apiece while Chapple Cooper and Jim Albany had five tallies for the Leonardmen. Baltz's used the Notre Dame system, employing two full teams, while Leonard used an eight-man combine effectively. In a sensational opener for the City Basketball League.

Hercules Win

Hank Krum's Hercules court squad won a decisive 26-14 margin. The powderboys opened fast and jumped away to a 13-2 first quarter edge with Charley Boek, Niles and Les Hotelling plying the scorers. The blasters held a 16-4 lead at half time and were out in front 22-7 at the three quarter mark. With Martin drilling the cords, the Knights crept up in the last frame, but it was the mill hands ball game all the way.

Les Hotelling and Norm Niles with six points paced the attack while Charley Boek netted five markers as the Hercules court stars flashed plenty of potential. Boek and two top ones for six to top high scoring honors for the Knights.

Elks Deluge Fullers

In an American League fray, the high stepping Elks showed a world of class by tacking on a one-point victory over the Fullers Shirts.

The boys on the ice may lose their tempers after bumping together at top speed and try to chop one another to pieces with their sticks. To the fans such things come under the heading of good clean fun, and when it's all over, they don't demand the coach's head because the home team lost.

As a concrete example, four new managers have been named for major league baseball clubs since the season ended in October. The howls already are going up for changes in college football coaching ranks because the teams haven't been winning. Yet the seven managers of clubs starting out in the National Hockey League campaign are the same seven who floundered those teams all through the 1932-33 season.

There have been plenty of shifts among big league hockey managers since the N. H. L. started spreading over the Canadian border a dozen or so years ago, but they're regarded more as exceptions to prove the general rule of security.

WRESTLING LAST NIGHT

(By The Associated Press)

Newark, N. J.—Maurice La Chappelle, 193, France, threw Karol Krauser, 200, Poland, 57:06.

New Haven, Conn.—Dynamite Joe Cox, 228, Kansas City, won over George (Red) Ryan, 230, Denver, one fall (Ryan unable to continue).

One of the largest turnouts of basketball fans in the history of the municipal auditorium is expected for tonight's American League opener between the Colonials and Jersey Reds.

And those who patronize the pro cage sport can look for a battle worthy of that anticipated crowd, because both clubs are eager for victory. If this duel isn't one of the hottest ever, then the exports can take a back seat for a long time. But, every indication is that the boys who forecast things in the sports line can't go wrong tonight.

Barney Sedran, seasoned cage veteran, who is handling the managerial reins of Kingston, announced yesterday that Carlo Johnson and Berno Fleigel would definitely be ready for action, which means added strength to the lineup that defeated the Jews in that exhibition game last week.

Fleigel was not in Kingston for the Jewel game, and Johnson was unable to play in the exhibition and also was absent from the lineup of the Colonials for that game they lost in Philadelphia on account of a severe cold.

With Johnson and Fleigel ready for action, the Colonials hope to keep the Reds in check, the same as Carlo Husta's Trojans did over the week-end. Husta's boys scored a surprise win over the American League stars by defeating them in their own backyard down in Union City.

Regardless of the setback, Phil Rabin was right in there for the Reds. The little American League sure shot, who led the scorers last season, pumped the leather through the hoop, but couldn't win alone.

Tonight when Phil gets back to the auditorium where he knows the court only too well, he's probably try to build up that point total of his, but his efforts now are for the Jersey Reds instead of Kingston. Teaming up with Mo Sedran, another ex-Colonial, Rabin should make it hot for Barney Sedran's cagers.

With Pete Berenson out of the Colonial lineup, due to that suspension shipped out of the independent professional ball, Sedran wasn't sure of his lineup this morning. However, it is quite safe to say that Reiser and Fraulek probably will start as forwards; Fleigel at center and Johnson with Kaplan or Fitzpatrick guards.

The Reds probably will take the court in this order: Adamo and Spahr, forwards; Benson, center; Michelotti and Rabin, guards.

Starting time of the game is 9 o'clock. There will be a preliminary between the Colonials and Saugorthe A. C. at 7:45. The official standing of the clubs is as follows:

'Swing Cheer-Leading' Football's Added Attraction

1. FOOTBALL statisticians, concerned with points scored and passes thrown, have failed to record one trend of 1933: A turn to streamlined cheer-leading. "All over the U. S., colleges are calling on comely co-eds to encourage their football teams. The girls swing and sway to syncopated applause. At Louisiana State, Joyce Sweeney and Marie Bonnette help the trend. Here they do a balloon dance with the band.

2. AT THE Tennessee State Teachers' College, Joyce Brown and Jeanne Kenyon got more publicity than all of the athletes put together. They have put swing into Tennessee yell. They do the Lambeth walk, and the dance pointing with their thumbs toward touchdown territory.

3. AT LANGLEY High School, Pittsburgh, Cheer-leader Mary Jane Lowry demonstrates an accessory for the aspiring prep school yell maestro. Mickey, the school's pet monkey, is her assistant. Mickey's job is to fix the opposing teams—make monkeys-out-of-all-of-them.

Rain and Warmer For Upstate New York

Albany, N. Y., Nov. 16 (AP)—Rain and warmer weather was forecast for upstate New York after sub-freezing temperatures and snow of varying depths up to four and one-half inches. Heaviest snow was reported in Syracuse, where 4 1/2 inches fell in 14 hours, while Buffalo had three and one-half inches and Rochester two. Syracuse's minimum overnight temperature was 28 degrees above zero, Buffalo's 22 and Rochester's 24. From one to two inches of snow fell in the Adirondacks, where the "ice box" hamlet of Otis Head reported seven degrees above zero at dawn, coldest of the season.
Albany, which had only snow showers yesterday, reported an overnight minimum of 25 degrees.
A dense early morning fog slowed traffic on pre-war streets in Buffalo, where poor visibility required lights on automobiles.

Fairlawn Stores Annual Banquet

(Continued from Page One)
Fairlawn Stores System, who flew from Pittsburgh to Newark and motored to Kingston to be with the local group last evening, spoke highly on the merits of the Fairlawn system. The meeting last evening, he said, was one of the largest and most impressive which he had attended during his tenure of office, and he paid a high compliment to Everett C. Treadwell, local sponsor. People of this locality should be proud to have such a firm sponsor the movement. Fairlawn groups were formed for mutual aid of local grocers and food merchants, he said, and the officers of Fairlawn Stores System served without salary. By maintaining their spirit of individualism the group had grown and the members of Fairlawn were able to give to customers a distinctly personal attention which large firms could not. He urged continued cooperation between the sponsor and the retailers.
Following Mr. Pollock's talk, Mr. Loughran introduced the various salesmen, district agents and manufacturers' representatives who were present at the banquet, a score or more of men engaged in the food industry. Other headquarters representatives were also present.

Pastor Speaks
The Rev. Arthur E. Oudemool, pastor of the old First Dutch Reformed Church of this city was presented as the speaker of the evening and told of his experiences during the past two years in Alaska and in Mexico, two countries in which food merchandising and selling is widely different. He told of the \$300,000,000,000 which has come to the United States through Alaska's fisheries since the territory was purchased from Russia in 1867. He said 4-5 of the fishing industry was salmon industry and about 2-3 of the consumption of salmon came from Alaska. He told of the canning methods of the fishing industry and how salmon born in the fresh waters high up in the streams lived there for three years before making their way to the ocean when about six inches long. There they became lost for three years and then they returned to their native stream where they spawned, many of them die and others again return to the ocean for another cycle of their life.

HE CAME OUT WITH HIS HANDS UP

Hands raised, a man who gave his name as Jack Farlow, 45 of Atlanta, Ga., emerged from this warehouse at Augusta, Ga., after police laid siege for five hours with bullets and tear gas. A companion, not positively identified, was slain in the battle. Both men were sought as burglary suspects in connection with an attempted looting of a safe in the building. Approaching Farlow with gun in hand is Sergeant Albert Connell of Augusta police. Atop the building, one leg over wall, is Capt. George R. Folds, with other officers.

sumption of salmon came from Alaska. He told of the canning methods of the fishing industry and how salmon born in the fresh waters high up in the streams lived there for three years before making their way to the ocean when about six inches long. There they became lost for three years and then they returned to their native stream where they spawned, many of them die and others again return to the ocean for another cycle of their life.

Some people have decided ownership of Alaska by the United States and claim that if ever a Japanese invasion of America comes it will be through Alaska. This, he said, he could not agree with. Alaska was far too valuable a land to feel that way about and he said it was worth fortifying and maintaining. Not only as a fishing industry but as a farming country Alaska was of great value. He spoke of the crops which are grown there during the 126 average growing days when there is sunshine for as much as 22 hours a day. But 2 per cent of Alaska is under perpetual snow and ice and there are 100,000 square miles of good farming lands there. He contrasted Mexico with Alaska with its warmer climate, its primitive methods of agriculture and the poor food merchandising plan of the country. Out of every 75 acres in Mexico only 25 are tillable and out of those 25 acres but 6 acres are farmed at present. He said agriculture was the thing which should be developed if Mexico is to thrive.

Following the most interesting talk by the Rev. Oudemool there was entertainment by Beulah Benson, singing accordionist; Jimmy Gillespie, impersonator and the ever popular "Mar-Yee-Lee-Ous" Maurice who, assisted by members of the audience, produced some exceptionally fine magic and mystery which kept the 300 persons in high humor. Al Skeg supplied the entertainment.

Board of Control
On the Board of Control for the ensuing year were named the following: Brink Brothers, Lake Katrine; Craft and White of East Park; J. A. DeGasperis, Kingston; F. B. Happy & Co., Woodstock; Fred W. Krom, Kingston; E. Maxwell, Kingston; V. W. Morrow, Maplecrest; W. H. Niles, Kingston; Louis Perry, Kingston; James E. Quigley, Kingston; A. L. Ransom, Malden; Fred W. Smith, New Paltz; Fred J. Snyder, Saugerties; Frank Soranno, East Kingston; L. B. Stanton, West Camp; C. R. Tiller, West Hurley.

The local Fairlawn territory includes the county of Ulster, the east side of the Hudson river and up the river to and including Albany as well as territory westward from the Hudson river extending into the Catskill mountain area.

30 Days in Jail
Elliot Bockstadt, 35, who said he had no home, walked into police headquarters in the city hall Tuesday evening, and said he wanted to give himself up. He claimed he was a parolee prisoner from the state of Ohio, and that he had also committed a robbery in this state. He said he was tired of roaming about the country futilely seeking work. He was arrested on a charge of vagrancy and this morning in police court Judge Cahill sentenced him to 30 days in the county jail to afford the police department an opportunity to investigate Bockstadt's story.

5th Avenue Objects To Synthetic Snow

New York, Nov. 16 (AP)—A swank department store which for several days has had a synthetic snowstorm in its show windows agreed today to stop the blizzard; the Fifth Avenue Association had complained that the whole idea was out of tone with the dignity of that renowned shopping thoroughfare. Elies M. Derby, the association's manager, announced last night that it had lodged a protest with the store, Lord and Taylor, because "the use of motion, sound and window stickers" was "triple repugnant to the avowed principles of the avenue and the association."
Such displays, Derby said, would "spell the doom of Fifth Avenue."

Sports Leaders Endorse Sale of Christmas Seals

America's millions should jump to the task of aiding those thousands who are suffering from tuberculosis, said Lou Little, Columbia University football coach, in an endorsement of the thirty-second annual sale of Christmas Seals, which will start on Thanksgiving Day. Other endorsements by nationally known athletic figures have been received by the National Tuberculosis Association, according to Dr. Kendall Emerson, managing director. He believes that no one should be able to appreciate more acutely the value of physical well-being than we who coach the college youth in their athletic sports," continued Mr. Little. "Sound condition for our boys in preparation for their contests is, of course, one of our primary and constant objectives."

"In a vastly more significant way, that is the job which the National Tuberculosis Association is doing annually for thousands of Americans who must have that aid if they are to be returned to the active physical fitness which is their rightful due. If these thousands of Americans are to be helped, then we millions of Americans ought to jump to the task with enthusiasm under the admirable direction and leadership of the National Tuberculosis Association."

Ford Frick, president of the National Baseball League, said in part: "I most heartily endorse the work of the National Tuberculosis Association in its Christmas Seal campaign. The undertaking should enlist the allegiance of any individual whose interests extend beyond his own personal affairs."

Bobby Jones, former golf champion, sent an endorsement from Atlanta, as follows: "I am glad to endorse most heartily the Christmas Seals Sale of the National Tuberculosis Association. I have long been a supporter of this campaign and believe most sincerely in the value of the work the association is doing."

N., gave a talk on pneumonia prevention and care. Scouts Emerick and Voerge of Saugerties accompanied Miss Modjeska and gave very able demonstrations of first aid. Miss Margaret Pincelney was appointed leader for the Red Cross drive in Mt. Marion. An invitation to attend Saugerties P. T. A.'s Christmas party, December 11, was read.
